If I had extra money to spend on my classroom I would buy....	New Chromebooks for all students and the fastest internet available
If I had extra money to spend on myself I would buy....	An interior designer to help with decorating my house
I decided to be a teacher/ work at CHS because....	I've always wanted to work in a smaller school because I like getting to know all the students.
It means the most to me when a student....	Shows improvement in their understanding of a concept and shows improvement in their writing skills.
