Vision Statement: “Fostering quality education for responsible adulthood in a caring community”

Cassville Public Schools are located along the scenic Mississippi River. The school has a history of strong academics, parent involvement, and valuing students. Our staff is highly qualified, innovative and committed to a quality education. We offer the following reasons to attend Cassville Public Schools:

- Selected as one of America’s Best High Schools as featured in U.S. News & World Report – Bronze Medal Winner – 2008-2009, 2009-2010, 2010-2011
- Our elementary school has an average student/teacher ratio of 1 to 12
- Our Character education initiative is in its second year
- Our character education slogan is “Great River, Great Community of Character”
- Smart Board learning technology throughout the high school and elementary school
- Other technology such as high speed Internet/video access, wireless access
- School-to-Work Program
- Youth Options offered at high school
- Accelerated Reading and Math programs for elementary and junior high students
- Elementary after school and summer learning programs to meet individual needs
- College articulation with Southwest Wisconsin Technical College
- Distance learning lab with classes such as Calculus, French, and German
- Three mobile computer labs
- Apple iPod learning centers in the elementary school
- Successful athletic programs including several state champion boys’ basketball teams, one state champion football team, & one state cross country champion.
- Collaboration with area schools in athletics, curriculum, and lunch programs
- Modern, three tiered elementary media center with a wide variety of updated reading and visual materials
- Instructional media schedule for Grades 4K-6 with library skills reinforced in many elementary projects
- Refurbished weight room, football field, track and seating and new baseball batting cage
- Cultural diversity program with foreign exchange students from many different countries
- Award winning fine arts including yearly musicals and nine state award winning forensics teams
- State of the art curriculum design
- A 4K program in existence since 1996
- Over \$50,000 in scholarships awarded to our senior class each year
- An active student body involved in a variety of activities such as student council, FFA, performing arts, Teens Against Tobacco Use (T.A.T.U.), Student Teaching About Real Situations (S.T.A.R.S.), We-Care group (character ed.) and athletics
- Modern working greenhouse which serves our students and greater community
- “The Legacy Program” – recognized by environmental protection services
- A proven FFA program with many state winning teams, including the 2009 and 2011 State FFA Land Judging Team competing in their 15th trip to national competition
