If I had extra money to spend on my classroom I would buy....	Making sure each student could experience a Spanish trip
If I had extra money to spend on myself I would buy....	...more traveling! It would definitely be one of my top 5 places I want to visit, number one, which is Cuba!
I decided to be a teacher/ work at CHS because....	The phenomenal staff and students that we have. It's a small school with big opportunities, so I am grateful to be a part of it!
It means the most to me when a student....	Makes connections with what we are studying and displays a general interest in what we are studying!
