If I had extra money to spend on my classroom I would buy....	A new piano and other classroom instruments for my students to use.
If I had extra money to spend on myself I would buy....	Pay off my student loan debt
I decided to be a teacher because....	I love music and helping kids learn to appreciate music and the positive impact it can have.
It means the most to me when a student....	Goes out of their way to do something kind or thoughtful for another person.
